BIOGRAPHY

From party to wedding, or restaurant to club, the exceptional musical capabilities of soloist GIAN make him an outstanding solo act. Gian is a fresh and versatile performer who has been treating audiences with his soulful vocals spliced with Spanish flavoured guitar. With a style that is reminiscent of Carlos Santana behind the guitar - combine this with the voice of a classic blues/ rock singer, then throw in some Prince and Elvis just for good measure!

Gian studied classical and flamenco guitar and he has also played at various music festivals throughout Europe

As a solo artist he recently won a national OZ music award in the best instrumental section, one of his original tracks has also been included on a Petrol records compilation which has become the 11th most downloaded Ep on i-tunes in the US.
