

Sweet Dreams & Memories

Moments with Patsy Cline

*A musical journey through the life and times
of the world's one and only....*

Patsy Cline

Something about Newcastle songbird Victoria McGee, when she sings a Patsy Cline song, casts a spell over her audiences. Victoria is truly humbled when her audience members are left spellbound by her likeness to Patsy Cline.

Perhaps it's both that, and her love for Patsy, that has inspired her to do, what audience members all over Australia, have been asking her to do, for a long time now, dedicate a full performance to Patsy.

Sweet Dreams & Memories does exactly that. Victoria takes you on a musical journey through the life and times of country music's first lady Patsy Cline.

It is important people realise this is no impersonators show.

This is truly a musical tribute to one of the greatest female vocalists of all time.

Covering all your favourite Patsy tunes through to the classics, Sweet Dreams & Memories is sure to bring a tear, laughter, sweet dreams and memories for Patsy fans and beyond.

This show can be presented as a two piece with high quality backing tracks & guitarist or presented with a full live band.

This is the perfect show for dinner & show packages, ticketed performances or member's morning shows.

"When Patsy Cline died, she left you her voice."

"You are so much like Patsy, you freak me out!"

"Patsy, would be so proud of you"

"If I just close my eyes, I wouldn't know any different"
